

Public Notice

Permit Application Number: NRS# 04.060

Applicant: Florida Rock Industries, Inc.
P.O. Box 4667
Jacksonville, Florida 32201
(770) 487-2929

Location: Unnamed tributaries and adjacent wetland at Mile 2.2 of Friar's Branch to the east of Pelican Drive, Hamilton County.

Watershed Description: The proposed project lies within the Friar's Branch watershed. Friar's Branch flows into South Chickamauga Creek and is part of the Lower Tennessee River Basin (Hydrologic Unit Code TN06020001).

Description: The applicant proposes to build a temporary haul road that includes a wetland crossing and two (2) stream crossings. Roadbed construction will consist primarily of limestone rubble spanning approximately 400' across the wetland and will consist of a roadway 4' high and 50' wide. The hydrological regime of the wetland will be maintained by the use of 24" culverts spaced every 50' and buried halfway below the soil surface. The upper half will handle storm flows and the bottom half will handle normal subsurface water flows.

Permit Coordinator: Tracy J. Daugherty. STATE OF TENNESSEE, Department of Environment and Conservation, Division of Water Pollution Control, 7th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1534
